## The Storylands

Welcome to the second BGPP Bulletin.  
The bulletin highlights new developments and updates in the Badenoch Great Place Project.

### Launch of NEW Badenoch Heritage Website

The project is delighted to announce the launch of the new Badenoch Heritage website [www.badenochstorylands.com](http://www.badenochstorylands.com) especially designed to highlight Badenoch's fascinating cultural heritage to visitors, local businesses and residents.

The site is a resource to learn more about our cultural heritage including intriguing historical sites, absorbing stories, music and Gaelic place names and much more besides.

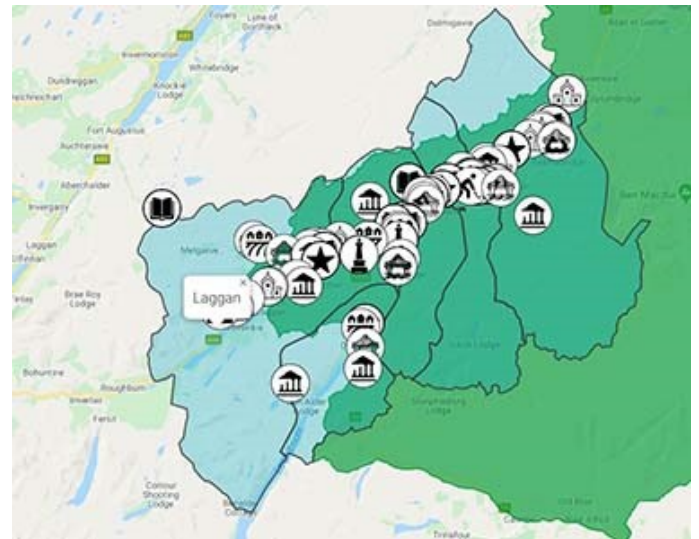

The website contains links to the five Badenoch community websites and also helps keep up to date with the progress of the Badenoch Great Place Project. It includes information about Badenoch Heritage (SCIO) the organisation, including details of how to become a member for free. **Why not join?**

The site identifies and informs about the major items of cultural heritage in the area, which can be seen on an interactive map. This map has the ability to filter and search for different types of sites or data.

**Have a look !** There may be places that you never realised were on your doorstep!
